IN THE SPOTLIGHT

KLASSIEK LEEFT JONG

6-7-8 APRIL – Saint Nicholas Church

With Klassiek Leeft Jong we once again present a wonderful series of concerts under the direction of curator Liebrecht Vanbeckevoort. These special concerts are performed by young and classically trained musicians who have already shown exceptional talent at a young age.

One by one, they have been selected on the basis of their intrinsic qualities, their ability to convey music to their audience, their authenticity and originality.

LONG-TERM ACTIVITIES

EASTER IN THE ZWIN

2 - 18 APRIL

A Zwinguide will be at hand with telescopes in the observation cabin to explain the birds on and around the breeding island. In the lab hut, visitors can learn about the world of freshwater animals under the microscope.

For the children, there is an egg hunt. If they have completed the search successfully, they will receive a tasty surprise. Along the way, they can listen to the story of Tadpole and the caterpillar or make their own beautiful plant labels.
